Homework Week 1

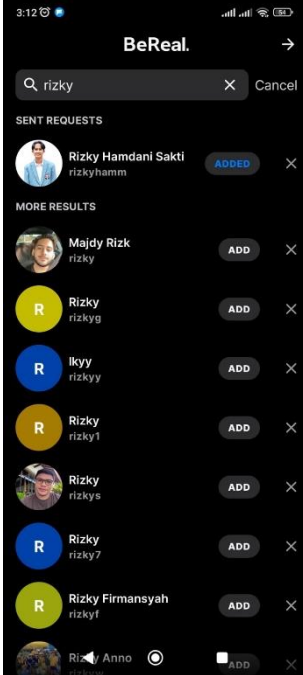

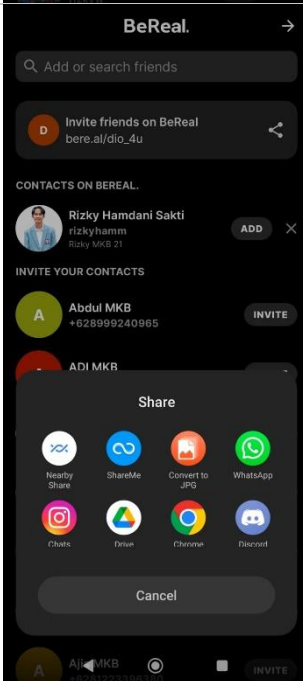

Product Management

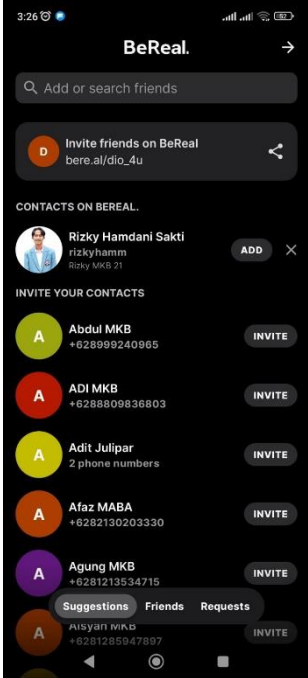

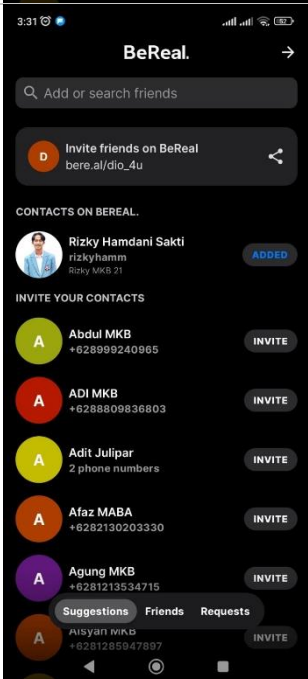

1. Produk favorit saya adalah tiktok, karena banyak video random/viral yang muncul sendiri dengan di scroll. Tiktok mungkin bisa menambahkan fitur subtitle otomatis yang akurat supaya mempermudah penonton jika menonton video dari luar.
2. Tidak perlu , karena Netflix sendiri sudah memiliki zona nyamannya di dunia perfilman. Netflix sudah banyak bekerja sama dengan mitra yang berkaitan dengan perfilman. Jika mau masuk ke dunia game maka harus mulai dari awal dan apalagi banyak jenis game yang harus dimasuki dan persaingan antar developer yang sangat ketat.
